

## Mines & Minerals Act 2009

## WEEKLY PROGRESS REPORT ON AN AIRBORNE SURVEY

| 1. Name of licence holder  |                           |  |
|--|---------------------------|--|
| 2. Type of licence   |                           |  |
| 3. Licence number  |                           |  |
| 4. Name of licence area  |                           |  |
| 5. Type(s) of survey   |                           |  |
| a. Remote sensing. Type (s):                                       | b. Geophysical. Type (s): |  |
|  |                           |  |
| 6. Name of company carrying out survey (e.g. subcontractor)        |                           |  |
|  |                           |  |
| 7. Date airborne survey commenced (mobilization)                   |                           |  |
| 8. Report for week number (specify week #) Week ending (dd/mm/yy): |                           |  |
|  |                           |  |
|  |                           |  |
| 9. Person responsible for the flying programme                     |                           |  |
|  |                           |  |
| 10. Name and position of person making this report                 |                           |  |
|  |                           |  |
| 11. Aircraft type and registration                                 |                           |  |
|  |                           |  |
|  |                           |  |

| 12. Sensors carried (list all)                          |  |   |
|---|--|---|
|   |  |   |
|   |  |   |
| 13. Nominal flying height (metres above ground)         |  |   |
|   |  |   |
| 14. Name(s) of pilot(s)                                 |  |   |
|   |  |   |
| 15. Have all necessary flying permissions been obtained | d? If not, explain.                      |   |
|   |  |   |
| 16. No. of days of flying in week                       |  |   |
|   |  |   |
| 17. Weather conditions                                  |  |   |
|   |  |   |
| 18. Line kilometres flown in week                       |  |   |
|   |  |   |
| 19. Total area covered in week 20.                      | Total line kilometres flown since outset |   |
| 21. Total area covered since outset                     |  |   |
| 22. Total line kilometres processed since outset        |  | _ |
| 23. Total area processed since outset                   |  |   |
| 24. Approximate percentage of programme completed       |  |   |
| 25. Estimated date of completion                        |  |   |

| 26. Please attach a Sketch plan indicating lines flown against total programme |                                    |  |
|--|------------------------------------|--|
| 7. Report of any accidents or incidents (at                                    | tach) (If none, write `none')      |  |
|  |                                    |  |
| gnature  | 29. Date                           |  |
|  | <u>'</u>                           |  |
| For Office   | cial Use by Mining Cadastre Office |  |
| Date   |                                    |  |
| Name of receiving officer  |                                    |  |
| Signature of receiving officer   |                                    |  |
| Documentation checked by   |                                    |  |
| Date and Exact Time Registered   |                                    |  |
| Official registration number   |                                    |  |
| Acknowledgment of receipt issued? (Y   | /N) (Form D23)                     |  |
| Name of registering officer  |                                    |  |
| signature of registering officer   |                                    |  |
| Date forwarded to Director, Director of  | Mines and Minister                 |  |

Please complete all boxes (or enter `none, N/A etc) and provide all attachments as necessary. Attachments should be numbered to correspond to this form. This application will be deemed incomplete and consequently invalid if any required information is not provided.

Four copies of this form and of attachments must be submitted (<u>two</u> copies only of any bound technical reports, if applicable).

The complete application should be submitted to the Mining Cadastre Office and a receipt obtained.
